## **ACTION TAKEN REPORT**

1. The syllabus has not been updated by the affiliating university especially in paramedical programmes. Though the college has no control over it, yet it was decided to send suggestions to the affiliating university.
2. The faculty were advised to be more interactive with the students and play the role of mentor, guide to them.
3. The departments were asked to prepare the list of new equipments for their department. Also the faculty was asked to prepare the list of relevant books to be purchased by the library.
4. The subject teachers were asked to carry out general discussion with respect to internal exams.
5. The exam cell was asked to be more sensitive toward the needs of the students and should ensure speedy action on grievances.
6. The Joint Director and Hostel in Charge were asked to keep a close watch on the quality of food served in the hostel.
7. T&P Cell was asked to prepare students of final year to face the interview by holding more mock interviews.
