Highlights of the Student Satisfactory Survey

S. No.	Issue
1	More focus on Practical/ lab work should be there so that students become skilled; Hands on Training for the students should also be a regular feature.
2	Timetable management needs to be effective.
3	More interaction between Teacher and students should be there in the classroom. The mentoring system also needs to be strengthened.
4	Frequent class tests should be held and answers should be discussed in the class.
5	Regular Personality Development Sessions for the students.
6	Educational, Industrial, Field Trips for the students should be held frequently.
7	Equal opportunities should be given to all the students to participate in the classroom teaching or other activities.
8	Teachers should use blackboard also besides Projector, focus should be on explaining the concept.
9	Career related guidance should be given to students. And also faculty should guide about higher education.
10	Revision classes after the completion of syllabus.
11	Regular co and extracurricular activities should be organized for the students.
12	Medium of instruction should be mostly English.
13	Assignment should be discussed in the class.
14	Individual attention to the students is to be given.
15	Time should be allotted in timetable for Sports activities.
16	Remedial classes should be regularized.
17	Attendance of the students should also be monitored.

Action Taken Report

1. The subject faculty were advised to focus more on practical aspect. The subject faculty needs to ensure that all students get equal chance to conduct the practical. The students should be given more opportunities to work in the labs/ fields. HoTs for the students are to be organized on a regular basis. More Add on courses should be held for the students.
2. The classes should be held regularly and students should be informed timely about any changes in the timetable. The time of students should be utilized effectively for their betterment.
3. The faculty, in general, were advised to be more interactive with the students and deal with the students with empathy. The students should not hesitate to get in touch with them for clearing their doubts or seeking guidance. The mentors were also asked to strengthen their bonding with their mentees.
4. Subject teachers were conveyed to conduct regular class tests for the students. The mode of teaching should be bilingual so that all the students understand the concept. Revision classes are to be held after the completion of syllabus. The assignments should be discussed. Students should be informed about their progress.
5. Regular PDP and sessions for soft skills are to be arranged for the students by DSWC & T & P Cell.
6. For bridging the curriculum gap and for better understanding of the concepts, educational trips should be planned for the students on a regular basis.
7. The teachers should be unbiased towards the students and give equal opportunities to all within the classroom and outside. The holistic development of the students is to be ensured.
8. Faculty in general were advised to use blackboard besides Projector, focus should be on explaining the concept and making it understandable to the learners. Also medium of instruction is to be bilingual but mostly English to cater to the needs of students at large.
9. T & P Cell, Departments, Dolphin Guidance Cell should join hands to give career / higher education related guidance to the students.
10. For all round development of the students, co and extracurricular activities should be organized in a planned manner where they get a chance to express themselves. Timetable should contain slots for sports and other activities.
11. The faculty should give individual attention to the students so that they are motivated to improve their attendance and participate in the classroom activities. Parents should be contacted in case of long absence of their ward, without any prior information.
